Projects **Forte** | <https://github.com/trentcs/forte>
Rails-based application that gives users the power to upload, view, play and analyze MusicXML files.

OneTaste | https://github.com/trentcs/one_taste
Social-networking site for foodies. Built on Rails with Ruby and JS.

Experience **Dev Bootcamp** May 2014-August 2014
Student Chicago, IL

Dev Bootcamp is an intensive training program for web developers, specializing in Ruby on Rails.

- Spent over 1000 hours learning Ruby, JavaScript, SQL, HTML5, and CSS3 while focusing on everything from algorithms to application design and structure.
- Learned the importance of good communication, test-driven development, version control, and agile process through a series of hands-on projects and challenges.
- Built on critical 'soft' skills--respect, empathy, compassion, management, and the ability to learn various technologies quickly and efficiently.

CH Robinson August 2003-May 2014
Capacity Key Account Manager/Sr. Sales Representative Chicago, IL

CH Robinson is a global provider of logistics solutions.

- Built and serviced a portfolio of carrier accounts in a dynamic, fast-paced, and collaborative environment.
- Leveraged relationship-building skills to create a unique sales model that is now being replicated across the company.
- Trained and managed three direct reports.
- Served as subject matter expert to team during a large systems overhaul.
- Consulted other branches on sales strategies with the goal of increasing revenue and efficiency.
- Consistently placed within the top 5 revenue producers on a team of 25.

Education **Dev Bootcamp** May 2014-August 2014
Web Development Chicago, IL

Indiana University August 1999-June 2003
B.A., Economics, Minor, Business Bloomington, IN
